

# ORUJUST

DRY MOBILE BATCH PLANT

The ORU Just is the ideal plant for a startup company looking to get into the readymix industry. Or, for the contractor needing concrete on site especially in remote places where delivery from a readymix trucks is difficult or inaccessible.

The Just utilizes a wheeled loader to fill the bin. The load sensors let you know when to stop loading each aggregate. Pair it up with silos to round out the plant.

## TECHNICAL SPECIFICATIONS

		ORUJUST 80
Hourly Production	yd <sup>3</sup>	78
Power Required	hp	??
Hopper Capacity	yd <sup>3</sup>	11
Loading Conveyor Belt Length	ft	33
Loading Conveyor Belt Width	in	20
Cement Weighing Hopper	tons	3.2
Weighing System	type	load cells
Management Unit	model	EPS
